Home page

Welcome to the MediSign documentation page! Here you will find

- a Getting started guide
- a complete User manual and
- Frequently Asked Questions (FAQ) for MediSign.

Use Search (the “box” at the top of the page) for specialized questions. Example: search for Gmail.

If you have a problem using MediSign, if you want to suggest an improvement, but also for any issue you need information, contact the Support Department.

If you are a UK user, please visit our UK Support Page.

Follow us on social media: Facebook | Linkedin | Instagram | X (Twitter) | Youtube

The documentation pages you are using use the DokuWiki platform. You can read these pages on any device (PC, tablet and smartphone).

Important Compliance Notice

If you are an international user, subscribed to https://medisign.com please check if MediSign is compliant with regulations applied in your country **before using the application**. While MediSign adapts to many regulations as time passes, it is not yet compatible with all of them.

For more details, please visit our Compliance Page.

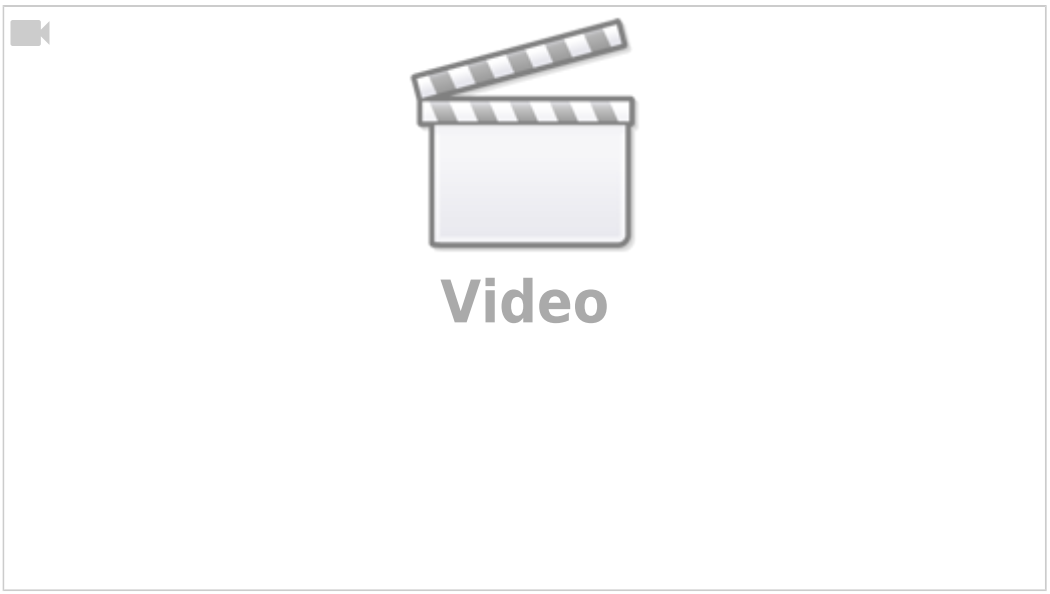

If you are a UK user, please visit our UK Compliance Page.

Getting started

MediSign is simple and user-friendly. It takes ten minutes to start productively.
